- There is no longer a required number of rounds to be played to maintain a handicap, however the player must be a Financial Member of the Club to maintain handicap status.

4 PACE OF PLAY

The pace of play affects the enjoyment of the game for many players so with this in mind we print the following assistance to help overcome the problem.

As a guide for pace of play at Mooroopna Golf Club a group of 4 players should aim take between 4 and 4½ hours for 18 holes of stroke play. However, this is only an estimated timeframe. All players should endeavour to play as fast as possible.

- PLAY READY GOLF
 - Watch your ball, walk to your ball then help someone else
- NOT BEING READY ON TIME
 - Select club and ball while other players are having their shots.
- DELAYS ON TEES OR GREENS WHILE MARKING THE CARD
 - Always mark your card while awaiting your turn at the tee.
- PLAYERS WAIT WITH OTHERS ON THE TEE UNTIL ALL HAVE PLAYED THEIR SHOT, THEN WALK TO THEIR OWN BALL.
 - Walk directly to your own ball, or level with same; and select club to be used while waiting for others to play their shots.
- UNNECESSARY NUMBER OF PRACTICE SWINGS.
 - It is agreed that each player has his own preference in this matter, but practice swings should be limited by discretion.
- DELAYS IN LOCATING LOST BALLS.
 - As soon as it is apparent that you are holding up play, call the next group through. If you know you are going to have an issue hit a provisional ball.
- LACK OF DISCRETION IN PLAYING THROUGH A TEAM THAT HAS LOST A BALL.
 - If called ahead as in but immediately afterwards the team ahead locates the missing ball and it is evident that play will proceed faster if they continue, you should signal to them to go ahead. ** Remember the maximum time to look for a lost ball is 3 minutes
- ON THE PUTTING GREEN UNNECESSARY MARKING OF BALLS AND PLAYERS

NOT CONTINUING TO PUTT OUT.

- On reaching the green and your ball, study the line of your putt immediately. When it is your turn, try wherever possible to putt out. Marking the ball is sometimes necessary, but not always, and should be avoided.
- PLAYERS NOT USING THE TIME ON THE GREEN, WHILE AWAITING THEIR TURN, TO ASSESS THEIR OWN PUTT
 - Whenever possible, a player should have assessed his own putt for direction and speed while the other players are putting, providing in doing so, no interference is caused to the other players.
- INCORRECT HANDLING OF THE FLAG ON THE GREENS.
 - The Player nearest the hole should attend the flag and then pass it on to the first player to hole out, and then appraise his own putt.
- LEAVING BUGGIES AROUND THE GREEN ON THE WRONG SIDE OF THE TEE.
 - Always place your buggy adjacent to the approach to the next tee.
- FIELD POSITION
 - Always remember your position in the field is not in front of the group behind, but behind the group in front.
- INTIMIDATION
 - Perceived or actual slow play can be frustrating and annoying. However, hitting up, yelling out, racing to your ball with the intention of ‘hurrying-up’ or pressuring the group in front is dangerous and disrespectful to your fellow member and golfer. If slow play is a problem on course, contact the pro shop to have the matter handled.

5 MEMBERS PROCEDURES

To ensure all Members can play and enjoy the competitions and facilities here at Mooroopna Golf Club, there are some compliances required which we bring to your attention. We ask all Members and their Guests to abide by these.

- Groups joining up and playing in 5's. This can only be approved by the Pro Shop or Golf Committee.
- When there is a group of 2 playing behind a group 4 and there is at least 1 hole clear ahead of that 4, they are to let group of 2 play through.
- No more than 2 carts are permitted per group, unless approved by Pro Shop or Match Committee.
- Cancellation of golf. Players withdrawing from competitions are required to contact the Pro Shop directly. This ensures any player on a waiting list can be allocated that tee time. Please do not notify a player in your group to inform

us at registration.

- Pitch marks on greens. Please take the time to fix the ones you make and also be on the lookout for previous ones made by others.
- Bunkers – ensure you take the time to repair any damage you create and once fixed, please leave the rake in the centre of the bunker in line with the fairway.
- During Winter months Carts are to be driven down the sides and rough of each hole and carts paths used as much as possible

6 LOCAL RULES

Members should be aware that the local rules board should be read in conjunction with the rules of golf, and the rules on the scorecard. Members are encouraged to read this board prior to every round to ensure you up to date with current course conditions.

7. SUSPENSION OF PLAY POLICY

At the discretion of Pro Shop Staff or a Golf Committee representative, play may be suspended at any time due to dangerous playing conditions (lightning, high winds etc) or unplayable course conditions (flooded greens and fairways).

The suspension of play will be signified by the following:

- One (1) prolonged blast of the siren for dangerous situation.
 - Following this no more play is permitted, and players must go to a shelter or return to the clubhouse immediately. Any player(s) who continue to play after the siren is sounded will be disqualified from the competition.
- Three (3) short blasts of the siren for a non-dangerous situation (e.g. Flooded Greens)
 - Following this, players may complete the hole they are playing but must not start a new hole. Players must go to a shelter or to the clubhouse as soon as possible. Any player(s) who break this rule will be disqualified.
- Two (2) short blast of the siren signify it is safe to resume play.

If play is suspended it will be for a minimum of 30 minutes after which time the conditions will be re-assessed.

For play to resume there must be reasonable time for all players to complete their rounds. Close of play for any Saturday event is 6.30pm during daylight savings and 6.00pm for any other Saturday or when darkness renders the course unplayable at the discretion of the players on course.

If play cannot be completed on the scheduled day, the Golf Committee, at their discretion has 3 options:

1. Cancel the days' play and re-schedule.
2. Cancel the days' play and don't re-schedule.
3. Postpone play until the next day.

Note: For a competition to be deemed completed, 50% of the field entered and paid in the competition must have completed their rounds.

Frost Conditions – At the discretion of ground-staff play may be delayed or suspended. Accordingly start times will be delayed until ground-staff deem the course safe to play.

**Keep a watch for notices regarding weather forecasts and rain radars in the Pro Shop and be ready for the possibility of suspensions of play.
Refer to Rule 6-8 for procedures for suspension of play, marking ball and resuming play.**

8. HEAT POLICY & GUIDELINES

Following reference to the Golf Victoria's "Heat Policy", the following guidelines are issued:

- Competition Days – Should the temperature measured at Mooroopna Golf Club weather station reach a temperature of 39 degrees Celsius, the club via Starter and or a member of the clubs Golf Committee shall implement such playing conditions in accordance with the with the following guidelines: Commencing with the suspension of play. Refer to Suspension of Play Policy
- On days of high temperatures forecasted the club will strongly recommend that players play as early as possible on the time sheet so that full round can be played. Those who tee off later may risk not completing their round if play is suspended.
- Social Rounds/Green Fee Players – Same rule applies as competition days.
- Once temperature has dropped below 39 degrees the course will re-open

Any golfer intending on playing on days of extreme heat should consider the following risk factors & their personal health:

- Are you physically unfit or overweight?
- Are you inactive and aged over 35 for men, or aged 45 and over for females?
- Do you suffer a pre-existing medical condition? Eg heart disease, circulation, blood and skin conditions.
- Are you fatigued or suffering a short-term illness? Eg flu.
- Are you taking any medication or drugs?

If you answer yes to any of these questions, your risk of heat related illness is increased, and it is recommended you do not participate in extreme weather conditions.

For golfers choosing to play, the following recommendations are made to assist in minimising the effects of heat:

- Hydration – dehydration is a major risk and players need to ensure that they consume fluids prior to, during and after their round to replace fluids. Recommended intake is 150ml -200ml every 15 minutes. Alcohol is not recommended on days of extreme heat, as this further dehydrates the body.
- Hats/Sunscreen – All players should wear an appropriate hat or cap and use a minimum 50+ sunscreen and reapply every 2 hours.
- Clothing – Light-coloured, loose-fitting clothing is recommended.
- Rest/Shade – Players should rest in shaded areas whenever they are able and consider using an umbrella for artificial shade.

Symptoms of heat stress include a rash, dizziness, high pulse rate, cramps, exhaustion, vomiting, shortness of breath, instability on your feet and if you are suffering from any of these symptoms, you should stop play immediately and contact the Pro Shop for assistance.

9. COURSE RECORDS

The term “course record” is not defined in the Rules of Golf. However, it is generally accepted that a record score should be recognised as the official “course record” only if made in an individual stroke play competition (excluding bogey, par or Stableford competitions) with the holes and tee-markers in their proper medal or championship positions.

It is recommended that a record score should not be recognised as the official “course record” if a Local Rule permitting preferred lies is in operation.
